

# OUR VALUES

## EFFECTIVENESS

Attend our customers' needs in the shortest time possible, at the lowest cost with maximum efficiency.

## SUSTAINABILITY

Our people facing this recycle what is possible, the purpose of avoiding, where possible, further damage to the environment. Our management team has in its strategic plan the inclusion of actions that help conservation of nature, as saving electric power, etc...

## INNOVATION

Through constant revisions to our procedures, and encouraging our staff, we are always in search of new innovative approaches that benefit the customer, the workers and the company.

## QUALITY

Seek constant improvement aiming to perform all tasks in the best possible way, minimizing errors.

## HUMAN

Valuing our employees, providing quality in the workplace and try to provide a means to develop personally and professionally.

## CREDIBILITY

Always act in a transparent manner to our customers, suppliers and employees, always be reliable more than anything else.

## SECURITY

Comply with all standards set by the authorities responsible for the segment in which we operate, aiming not buy or sell completely safe materials. Ensure the safety of our employees.
